INTRODUCTION
and GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national Directories, present to subscribers and the general public, this, the 1960 edition of the Chico and Paradise Directory.

Confidence in the continued growth of Chico and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Chico, Paradise and vicinity to the world.

The enviable place occupied by R. L. POLK & CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chico and Paradise Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than it possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Chico, the necessity of having this kind of information up-to-date and always immediately available is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Chico and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE CHICO DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the num-

bers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers as supplied to us on our canvass are shown opposite the name.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Chico is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Chico and vicinity, for business men, everywhere, realize that the City Directory represents a community as it really is.

The Chico Directory Library

Through the courtesy of the publishers of the Chico and Paradise Directory, a Directory Library is maintained in the offices of the Chico Chamber of Commerce for free reference by the general public. This is one of more than 750 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The Story of Chico

The story of Chico is inextricably woven with that of its foremost citizen, John Bidwell. It was on the banks of Chico Creek, that Rancho Chico was first built. Originally owned by William A. Dickey and Edward A. Farwell in 1843, both interests were shortly purchased by John Bidwell and in 1860, letters patent were issued to him, signed by President Buchanan. The first grant of the land had been by the Mexican government, and the initial personnel of the ranch formed the backdrop for the citizenry of today.

Swimming Pools

The Early Years

Bidwell first introduced Catawba grapes into Chico in 1847. Wheat soon followed and by 1852 the Rancho Chico was growing wheat in such quantities that a mill was necessary. The first mill in Butte County was built by John Bidwell in 1853. In a few short years the wheat crop had grown to such proportions that thought had to be given to the problem of transportation. Again, John Bidwell came through, and this time with a steam boat which plied the waters from Sacramento to Red Bluff. J. C. Morrell's saw mill, built in 1859, further increased the need for this water transportation. In 1868, it was Bidwell who first put raisins on the market and followed the next year by introducing Casaba melons.

An Eye To The Future

As a result of his ever increasing activity, his diplomacy in dealing with the early Mexican Governors of California, and his aggressive leadership of the militant whites who wrested control of California from the Mexicans, Bidwell had already obtained the rank of General, and was equally powerful as a political and business figure. As such, in 1869 he was already urging that manufacturers be invited into the area and that railroad tariffs be controlled so that there would be no discrimination against the western shippers. He was also sponsoring the idea of a canal to be built through Nicaragua so that shipping costs would be further lowered for agriculture and industry in the west.

The General's Influence

The quaint "new look" of today's Chico is a reflection of Bidwell's prominence in agricultural development and his love of nature, as well as his careful planning and unbounded generosity to the community. In addition to the 2,400-acre Bidwell Park, it was he who donated the land for Chico State College, for many of the churches, the Indian reservation, and provided scholarships for the Indians which are still awarded. The Central Plaza in Chico bears further testimony to his generosity. Too, it was his lifetime interest in botany and his outstanding accomplishments in that line that procured for Chico the U. S. Plant Introductory Station where the Federal Government makes botanical experiments with tropical, sub-tropical and unusual plants and shrubs from all over the world.

More Recently

In the last fifty years Chico's population has been augmented by beauty lovers from every state who have joined with us to make this city as financially productive as it is uniquely beautiful. Determination and resourcefulness have already made of the drowsy Little Indian Ranchero an alert, progressive city, insuring its civic future through diversified business and industrial expansion. We take it for what it is—a city of natural beauty, civic minded, cultural, yet with a keen, active and resolute citizenry who are united in planning for tomorrow's progress.

John Bidwell was a Soldier, Statesman, Horticulturist and Presidential Candidate.

Book Reference: John Bidwell (Prince of California-Pioneers) by Rockwell D. Hunt.

The Story of The Almond

Prized as a delicacy by the most ancient civilizations, the almond was first cultivated upon the warm shores of the Mediterranean. It is referred to often in the folklore of that region . . . branches of almond blossoms are part of many tribal ceremonies . . . and the Bible says the rod of Aaron was taken from the almond tree.

The first plantings in California were made in 1843 and from then on numerous attempts were made in many of the other western states with little success. Here production has increased by leaps and bounds until now 99% of all almonds produced in the United States are grown in California.

The almond district is largely restricted to the Salinas, San Joaquin and Sacramento Valleys of California. The most concentrated district is that immediately surrounding Chico. This area produces 20% of the world's supply. Thus you can see why Chico is called: "The Almond Center of the World."

Hooker Oak

Hooker Oak, Sir Joseph: Acknowledged as the world's largest living Oak Tree of its species, located six miles from the City of Chico in Bidwell Park. It is a species of the California Valley Oak.

> Circumference eight feet above the ground, 28 feet 3 inches; height of tree, 110 feet; spread of north and south branches, 153 feet; length of longest branch, 111 feet; circumference of outside branches, 503 feet; diameter of trunk, 10 feet; approximate age, 1,000 years. Branches would cover 8,000 people allowing 2 square feet to a person.

Hooker Oak is listed in the Report on American Big Trees, The American Forestry Association, 919 Seventeenth Street N. W., Washington 6, D. C.

The Hooker Oak was named after Sir Joseph Hooker, English Botanist, who on a visit to California inspected the Oak and said it was the most perfect specimen he had ever seen. This naming took place in 1887 by Annie E. K. Bidwell.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

OUT OF SIGHT!
OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment are listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows; Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Some listings in this section show a rural address. The following list indicates the location of box number groups on the rural roads.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1960

Copyright, 1960, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

INTRODUCTION
and GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national directories, present to subscribers and the general public, this, the 1960 edition of the Paradise City Directory.

Confidence in the growth of Paradise's wealth, industry and population, and in the advancement of its municipal and social activities will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Paradise to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Paradise City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Three Major Departments

The three essential departments are arranged in the following order:

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Paradise, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Paradise, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of

P. O. Box 512 Concrete

the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes. Telephone numbers as supplied to us on canvass are shown opposite the name.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Paradise, for business men, everywhere, realize that the City Directory represents a community as it really is.

The Paradise Directory Library

Through the courtesy of the publishers of the Paradise City Directory, a Directory Library is maintained in the offices of the Paradise Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U.S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Facts About Paradise

Paradise is a unique, unincorporated community on a pine-clad plateau of the Sierra Nevada foothills, overlooking the great Sacramento Valley.

Its 11,000 residents live here by choice, enjoying the semi-rural, semi-urban nature of the area; its informal way of life; the variety of recreational and cultural activities, excellent shopping facilities and unsurpassed climatic conditions.

Reached via U.S. 99E from Oroville or Chico via the scenic Skyway from Chico or Clark and Pentz Roads, both connecting to the Feather River Highway, from Oroville it is readily accessible in short driving time from central cities of California.

Its area is some 18 square miles, with 12,500 acres within a well-equipped Paradise Irrigation District, which serves water in steel distribution pipes under pressure, the storage provided in two reservoirs holding 9500 acre feet.

Altitude on the scenic plateau of Paradise ranges from 1300 to 2200 feet. Summers are much cooler than the valley, fall brings Indian-summer days, snappy winters provide crisp cold days; rainfall of some 48 inches needed for the summer and an occasional snowfall provide a welcome season, and the glowing spring entices the gardener to prideful work in his home gardens, yards and flowerbeds.

Paradise is served by the Pacific Gas and Electric Co., the Pacific Telephone and Telegraph Co., and several distributors handling butane gas and fuel oil.

Homes range from regulation lot size in beautiful developments and subdivisions, to areas of a half acre to five acre estates. In addition, many large orchards of the famed Paradise apples provide color and an agricultural economic asset; olives, peaches, grapes and almonds are also cultivated here. Poultry production rates high in the state, as does egg production, marketed through the Poultry Producers Association.

Churches to serve the denominations of the population contribute to the cultural and activity life of the community; youth organizations are well-staffed with volunteer adult leadership; some 100 organizations ranging from fraternal, civic, hobby and social to education objectives provide interest for Paradise residents; sports clubs are popular here, and the area is the focal point for fishermen in the nearby mountain streams, for hunters in the neighboring wooded mountains; and for hunting game birds, geese, ducks and pheasants, - - with Paradise located on the great Pacific Flyway.

The paradise Recreation and Park District provides year round supervised and organized activities in addition to picnicking parks and groves, a ball park and public swimming pool.

P. O. Box 512 Concordia
Tel. Paradise 2-8345

Schools are under the Paradise Unified School District, which provides a junior-senior high school and elementary schools. Plans are under way for construction of a new separate junior high school and future elementary schools.

Cultural opportunities include the Paradise Community Concerts Association, which books famous musical artists each season, art clubs, art shows, the Paradise Players dramatics group, and Community Orchestra and Community Chorale groups.

Two private schools are also located in Paradise, the Seventh-Day Adventist Junior Academy and St. Thomas More Parochial School.

Two hospitals serve the community, Rheingans Hospital, a private facility and the Feather River Sanitarium and Hospital. An ambulance service is maintained under private ownership.

Police protection is provided by the Paradise township constable; sheriff's deputies under the Butte County sheriff's department, and a business district deputy-night watchman service.

The community is served by a branch Butte County library; a Paradise Justice Court; and county branch offices of the probation department, county assessor's office, county department of public works road department maintenance yard and branch county sanitation department.

Fire protection is provided by the Paradise Fire Protection District which maintains two fire stations at strategic locations, is planning a third fire station, and is equipped with several modern fire trucks and apparatus, and a staff of paid firemen in addition to volunteers.

The forest area on the perimeter is protected by stations of the California Division of Forestry.

Its business services include a branch Bank of America, branch offices of the three Title companies serving Butte County residents; a modern post office, and a well-equipped Chamber of Commerce office.

It is the largest unincorporated area in Butte County, and holds vast potentials for the future, with only about 30 per cent of the beautiful area fully developed to date although its population has more than tripled in the last 12 years.

New homeowners flock to Paradise each year, to make their homes in the charming, refreshing setting of the Sierra woods, away from the smog, rush and bustle of the crowded cities.

More and more, homes are becoming the primary asset in Paradise, with each citizen finding the locale dearest to his heart, and nearest to his dreams - - whether it be a cottage in a hollow by a bubbling stream; a home on a vantage point affording a magnificent view, or an abode in a snug wrapping of pine or oak trees.

To the contented resident of Paradise, the community is a "way of life."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1960

Copyright, 1960, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass, are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

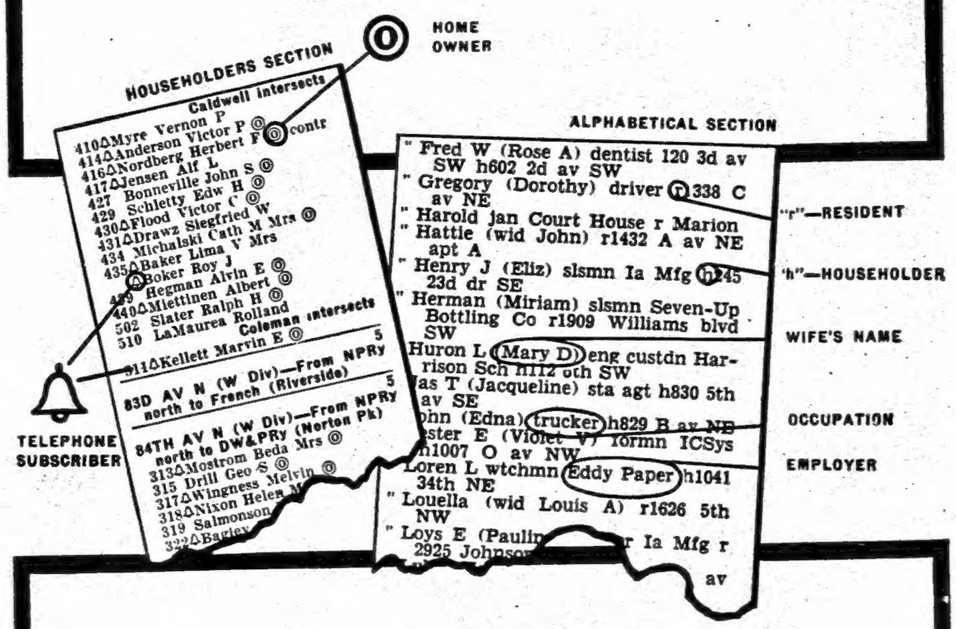
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.
